

SCHOLARSHIP APPLICATION

Positivity Magic is committed to helping emerging adults and motivated professionals step out of frustration and step into fascination by providing engaging, empowering, and highly encouraging resources and experiences for whole life transformation!

The Positivity Magic Scholarship Program has been established to expand our mission by working with those who might not otherwise have access to personal and professional growth opportunities.

Use this application if you're interested in receiving a scholarship for any of our services (*including workshops, coaching, books, and online courses*).

DIRECTIONS

Please be as thorough as possible. The more information you provide the better we'll be able to evaluate your application.

ELIGIBILITY

Anyone over the age of 16 is eligible to apply for a Positivity Magic Scholarship, regardless of age, gender, or native language, provided they have a deep passion and commitment to their personal and professional growth. We strongly recommend that students have English language proficiency or provide their own translator.

DEADLINE

Your completed application must be received no later than four weeks before the start of your desired Growth Experience, although earlier applications are welcomed and encouraged.

LETTER OF RECOMMENDATION

A letter of recommendation is required from someone who can attest to your character and your commitment to personal and professional growth. That letter should include the length and nature of their relationship with you as well as an assessment of how participating in a Positivity Magic program will benefit you.

APPLICATION PREPARATION TIPS

You may use this application as a guide and make use of a separate document to provide your answers. In addition, feel free to expand on your responses for each of the sections in this application. Beyond the essential demographic information, we are particularly interested in why you want to participate in a particular workshop, class, or coaching experience. Additionally, since the scholarship will not cover all of your expenses, the Scholarship Committee will look closely at your financial need and the additional funding sources you have identified.
